

## **PHARMACY**

### **\*Relief Pharmacist, Maple Ridge Retail Pharmacy and/or Inpatient**

We are currently searching for a relief Pharmacist interested in filling in when a need exists and it works with your schedule. Hours can include days Monday-Friday, as well as Saturday mornings. We will work with your availability. Our primary need is in our Retail Pharmacy, but would also accept hospital based pharmacists.

### **Responsibilities**

- Dispense medications accurately and efficiently to patients and healthcare providers.
- Provide clinical consultations regarding medication therapy management.
- Collaborate with healthcare professionals to optimize patient care.
- Educate patients on medication usage, side effects, and interactions.

### **Requirements**

- PharmD or equivalent degree from an accredited pharmacy school.
- Active pharmacist license in the state of Wisconsin.
- Experience in a retail pharmacy or hospital setting preferred.
- Excellent communication skills for patient interaction and collaboration with healthcare teams.
